

Best Available Science: Fails on Inclusiveness

DWR's (more populated) census tract =

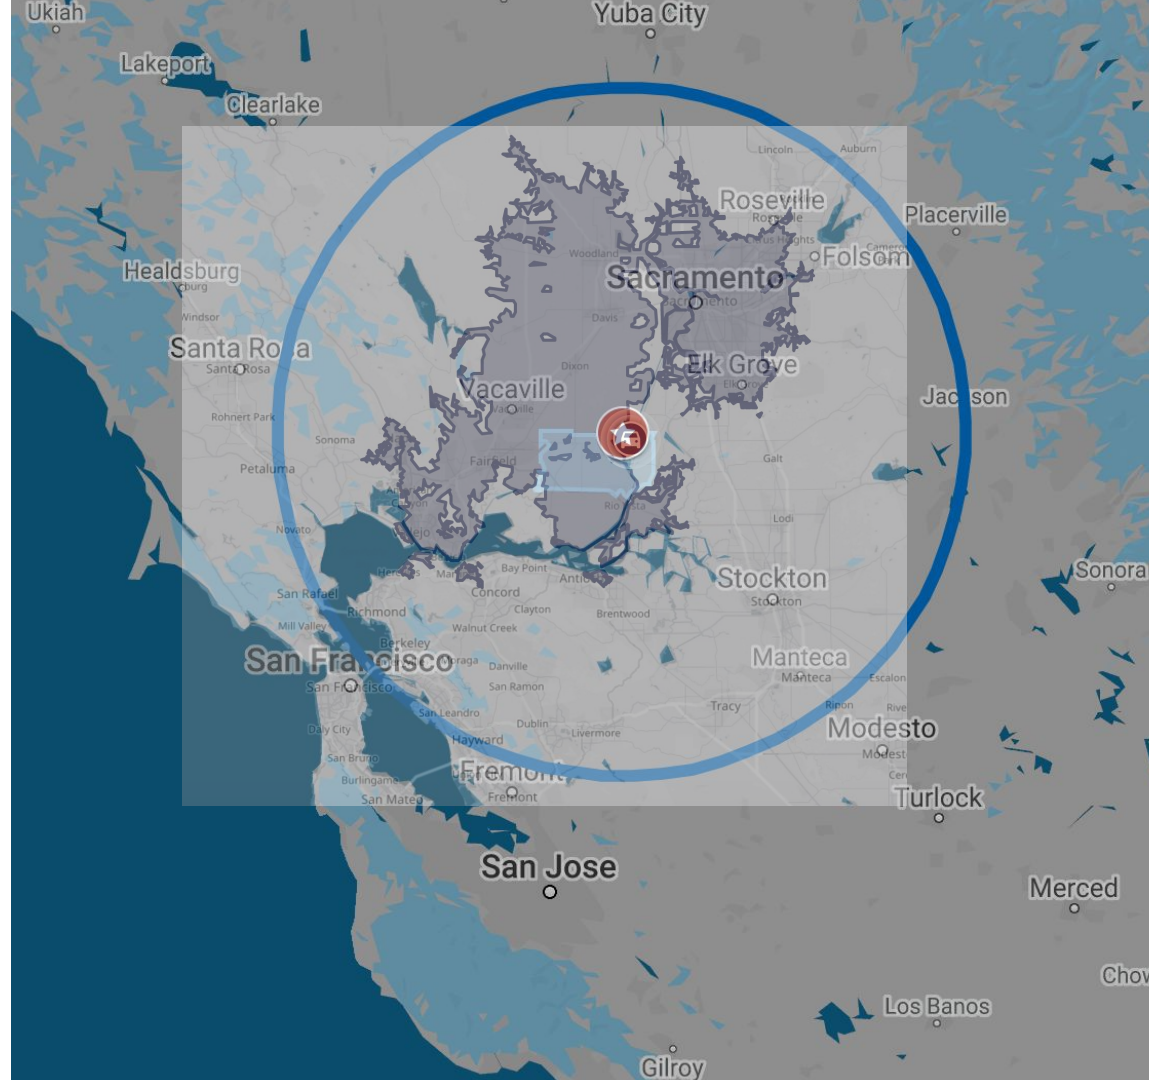

10,124 people

Best Available Science: Fails on Inclusiveness

1hr driving distance =

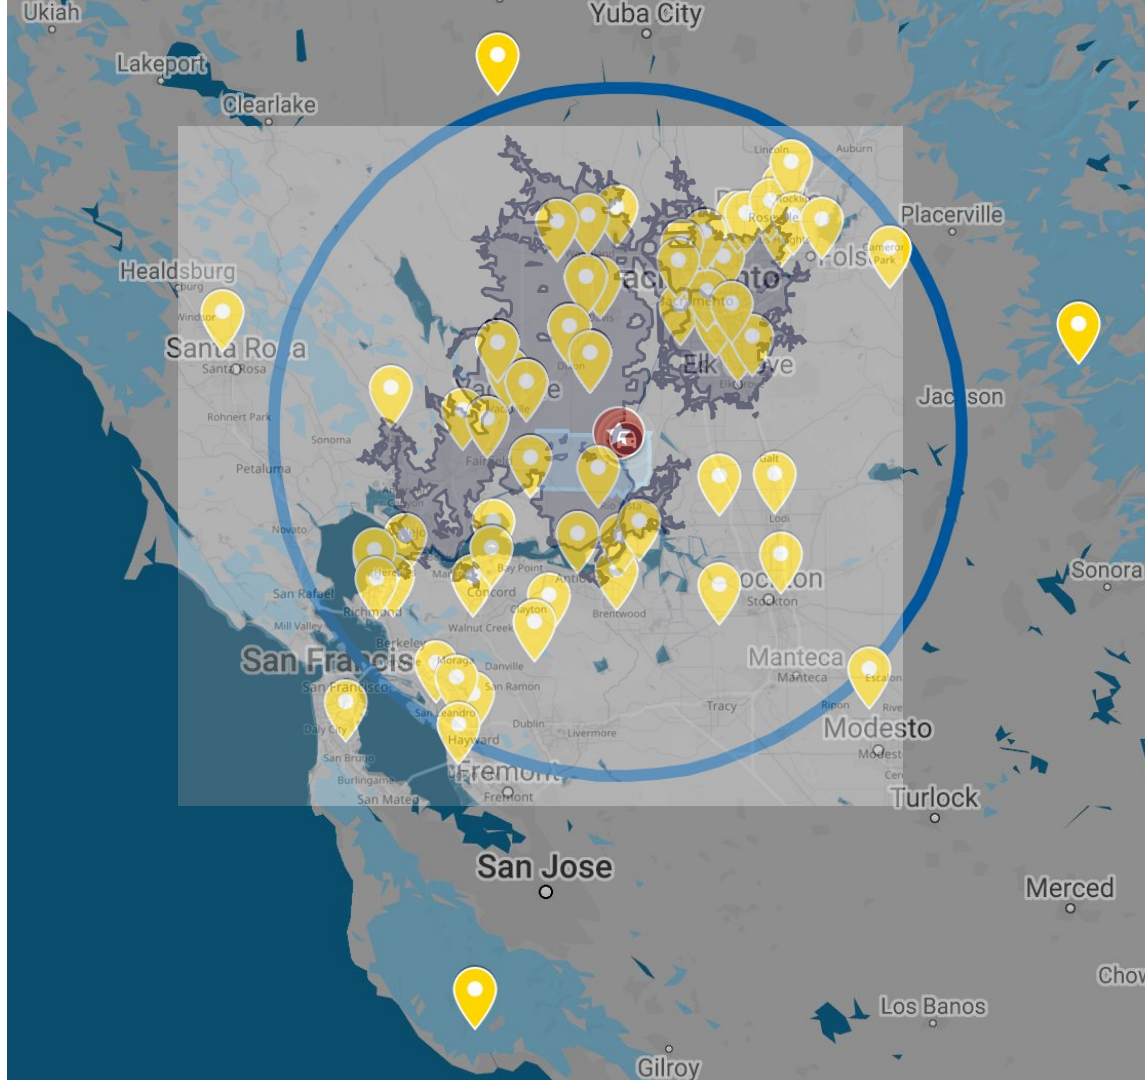

~1.9 million people

Not a “local” spot... A regional destination

1hr driving distance =

~1.9 million people

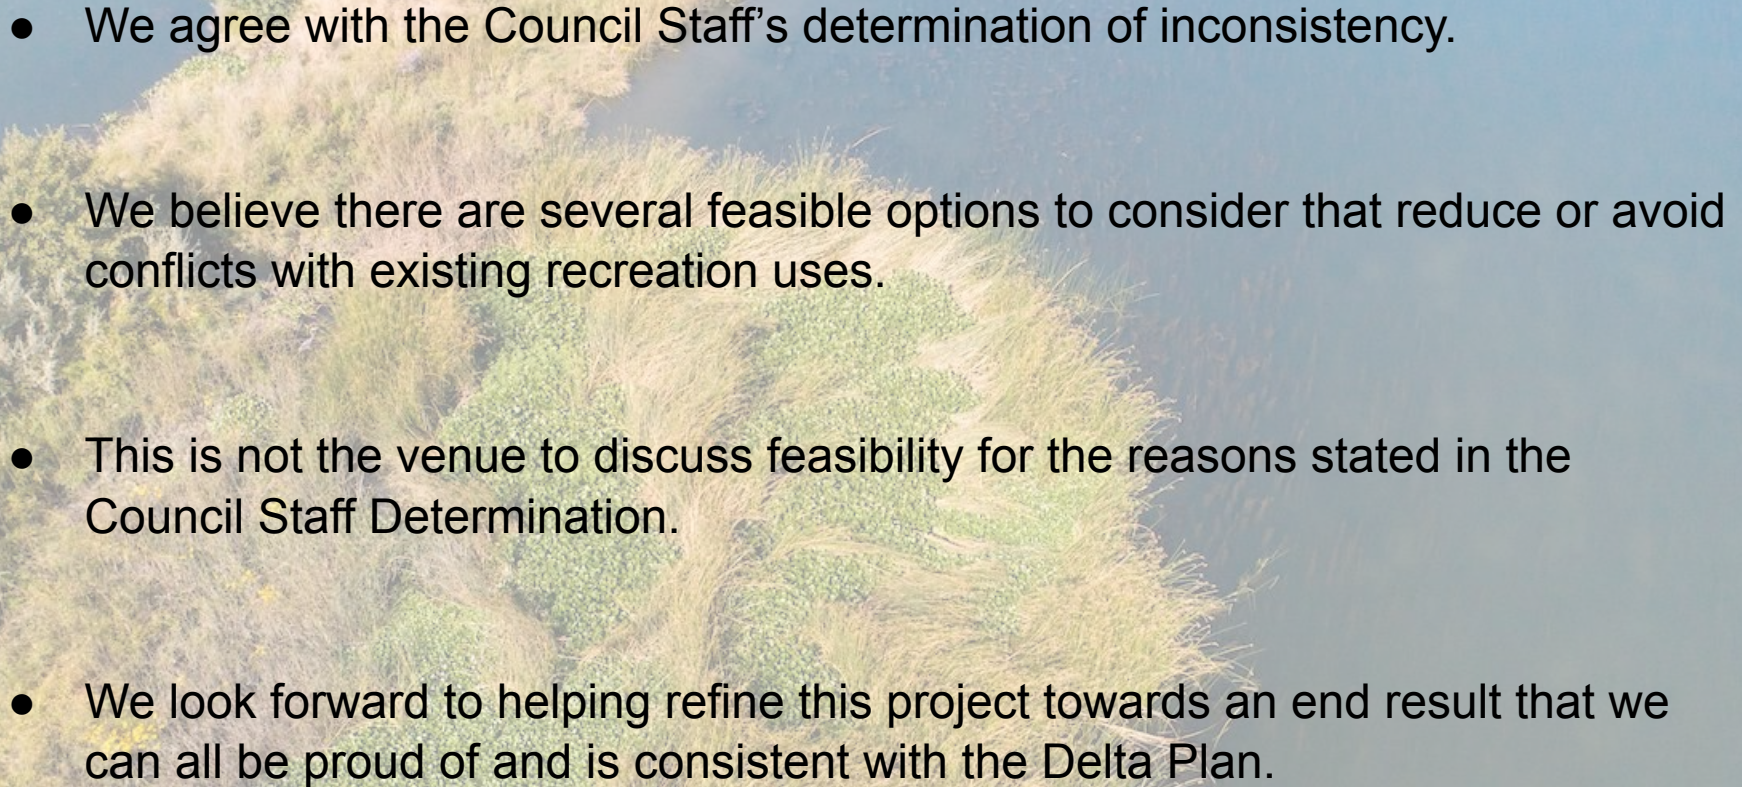

Recreational use is **significant**

Recreational use is **significant**

- 
- An aerial photograph of a wetland or marsh area. The image shows a mix of green and yellowish-brown vegetation, likely grasses and sedges, interspersed with dark, calm water. The perspective is from directly above, looking down on the landscape.
- We agree with the Council Staff's determination of inconsistency.
 - We believe there are several feasible options to consider that reduce or avoid conflicts with existing recreation uses.
 - This is not the venue to discuss feasibility for the reasons stated in the Council Staff Determination.
 - We look forward to helping refine this project towards an end result that we can all be proud of and is consistent with the Delta Plan.
