Dear Parties to the Smith Canal Gate Project Certification of Consistency Appeal:

There was an error in the Final Determination sent on Friday, March 22, 2019. Page 35 of the Final Determination should have indicated that Councilmember Susan Tatayon was recused and Councilmember Maria Mehranian was absent. The Final Determination with the corrected page is attached for your records. It is also available on the Council's website. We will be sending a corrected copy in the mail today.

Please let me know if you have any questions.

Thank you

Erika
